

PHOTOGRAPHY CLUB

WEDNESDAY, FEBRUARY 20TH
3:30PM · IN THE ACTIVITIES ROOM

We encourage everyone to bring a flash drive with at least 3 to 5 photos of the current month's subject matter or best photos from previous photo shoot.

The first week of each month we will hold a group photo shoot at a place discussed at our prior meeting.

Our discussions at Photography Club meetings will range from critiquing your pictures, photo editing, using the web's resources to different apps and cameras.

Our emphasis will be mostly outdoors. We are, after all, in Florida. Birds, the ocean, sunsets, old Florida (barns, churches, etc.) all provide excellent opportunities for taking pictures.

We have a group who is anxious to learn new skills and improve old ones. "Get out and get close" is a good motto for our club.

SUBJECT

Close-Up & Macro

TOPICS OF DISCUSSION

Photo Visualization

Aperture, Shutter Speed, ISO & Exposure

Experimenting with Different Settings
